4. Strengthening Families - guest
5. Work plan readjustment based on curtailment
6. Resiliency Training - Mark
7. Next meeting and place

Southern Kennebec Healthy Start Meeting Notes
December 11, 2008

Present: Pam Morin, Kate McLinn, David Whitestone, Mark Rains, Debbie Dunn, Becky Dick, Jen Cross, Burt and Gladys Richardson, Nancy DeSisto

Our next meeting will be January 15th @ 7:30 in the DHHS conference room.

Our schedule of meetings will be the 2nd Thursday of each month after January 15th. If we have to change an individual meeting we will.

Nancy reports:

- David Stockford, Director of Special Services would like to come to our meeting. He is very interested in our effort and thinks he can help with our data efforts.
- I asked Sheryl Peavey if we have a Strengthening Families contact in Southern Kennebec. If so, we will invite to the next meeting as well.
- Healthy Start grant will be curtailed 60% leaving about \$4000. When we get official notice we will have to revise our budget. Pam will check with DHHS to see if we can revise per our need rather than having to cut.

General Discussion:

- Healthy Futures Amazing Baby grant proposal. Comments will be reflected in the final proposal. Becky is looking for \$1000 to help keep the nurse on the project until hopefully the grant comes through.
- We still really want to look at the data we have. We discussed getting a retired professional to help us.
- Don't leave out expectant families. What are the obvious, concrete risk factors?
- What did the 6th grade bubble of special service kids look like as toddlers and infants?
